

# [Book] Secrets Of The Viet Cong By James W Mccoy

Recognizing the pretentiousness ways to get this book **secrets of the viet cong by james w mccoy** is additionally useful. You have remained in right site to begin getting this info. get the secrets of the viet cong by james w mccoy link that we manage to pay for here and check out the link.

You could buy guide secrets of the viet cong by james w mccoy or acquire it as soon as feasible. You could speedily download this secrets of the viet cong by james w mccoy after getting deal. So, in the same way as you require the book swiftly, you can straight acquire it. Its thus categorically simple and correspondingly fats, isnt it? You have to favor to in this song

**Secrets of the Viet Cong**-James W. McCoy 1992 "In this thorough examination of the tactical war waged in Vietnam, former paratroop officer J.W. McCoy explains how the Viet Cong won the war, and why the strategies they used were effective against the U.S. forces." "Shaping their thought with the ideas of Sun Tzu, the Viet Cong became adept at maneuver war. That skill enabled them to secure and hold the initiative in the Vietnam war." "Interestingly enough, the Viet Cong war doctrine also paralleled Liddell Hart's theories; unfortunately, few American generals ever read his work." "Discussions of organization and control, battle art, order of battle, and operations meticulously detailed in hundreds of charts, tables and illustrations help the reader understand the strategic mistakes made by the South Vietnamese and the United States, and how the Viet Cong maneuvered their way to victory."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

**Secrets of the Vietnam War**-Phillip B. Davidson 1990 The former chief of United States military intelligence in Vietnam from 1967 to 1969 reveals details of the conflict previously unknown outside Pentagon circles and identifies the flawed strategies that lost the war

**Dirty Little Secrets of the Vietnam War**-James F. Dunnigan 2014-11-04 Dirty Little Secrets of the Vietnam War allows us to see what really happened to American forces in Southeast Asia, separating popular myth from explosive reality in a clear, concise manner. Containing more than two hundred examinations of different aspects of the war, the book questions why the American military ignored the lessons taught by previous encounters with insurgency forces; probes the use of group think and mind control by the North Vietnamese; and explores the role technology played in shaping the way the war was fought. Of course, the book also reveals the "dirty little secrets," the truth behind such aspects of the conflict as the rise of the Montagnard mercenaries--the most feared group of soldiers participating in the secret war in Laos-and the details of the hidden struggle for the Ho Chi Minh Trail. With its unique and perceptive examination of the conflict, Dirty Little Secrets of the Vietnam War by James F. Dunnigan & Albert A. Nofi offers a critical addition to the library of Vietnam War history.

**Secrets**-Daniel Ellsberg 2003-09-30 The true story of the leaking of the Pentagon Papers, the event which inspired Steven Spielberg's feature film The Post In 1971 former Cold War hard-liner Daniel Ellsberg made history by releasing the Pentagon Papers - a 7,000-page top-secret study of U.S. decision-making in Vietnam - to the New York Times and Washington Post. The document set in motion a chain of events that ended not only the Nixon presidency but the Vietnam War. In this remarkable memoir, Ellsberg describes in dramatic detail the two years he spent in Vietnam as a U.S. State Department observer, and how he came to risk his career and freedom to expose the deceptions and delusions that shaped three decades of American foreign policy. The story of one man's exploration of conscience, Secrets is also a portrait of America at a perilous crossroad. "[Ellsberg's] well-told memoir sticks in the mind and will be a powerful testament for future students of a war that the United States should never have fought." -The Washington Post "Ellsberg's deft critique of secrecy in government is an invaluable contribution to understanding one of our nation's darkest hours." -Theodore Roszak, San Francisco Chronicle

**A Vietcong Memoir**-Nh Tang Trng 1985 Offers a first-hand account of Viet Cong activity in South Vietnam, the torments of the war, and the country's unification.

**Stalking the Vietcong**-Stuart Herrington 2012-08-22 In a gripping memoir that reads like a spy novel, one man recounts his personal experience with Operation Phoenix, the program created to destroy the Vietcong's shadow government, which thrived in the rural communities of South Vietnam. Stuart A. Herrington was an American intelligence advisor assigned to root out the enemy in the Hau Nghia province. His two-year mission to capture or kill Communist agents operating there was made all the more difficult by local officials who were reluctant to cooperate, villagers who were too scared to talk, and VC who would not go down without a fight. Herrington developed an unexpected but intense identification with the villagers in his jurisdiction-and learned the hard way that experiencing war was profoundly different from philosophizing about it in a seminar room.

**Phoenix and the Birds of Prey**-Mark Moyar 1997 Drawing on recently declassified documents and interviews with more than 100 U.S., South Vietnamese, and North Vietnamese sources, historian Mark Moyar dissects attempts to eradicate the Viet Cong infrastructure. Filled with new revelations and corrections of existing accounts, Moyar's long overdue history sets the record straight about one of the last remaining secrets of the Vietnam War--and offers poignant lessons for dealing with future Third World insurgencies. 40 photos.

**The Pentagon's Secrets and Half-secrets**- 1971

**The History Of Vietnam War**-Cyrus Livasy 2021-06-03 The Vietnam War pitted communist North Vietnam and the Viet Cong against South Vietnam and the United States. The war ended when U.S. forces withdrew in 1973 and Vietnam unified under Communist control two years later. Many remarkable events happened during wartime, and the Vietnamese people's victory remained magical and exceptional, which marked the big questions on the power of the U.S Army. This book will explore this controversial subject of American history and reveal facts that not too many are aware of. Like leaks that revealed the war would have ended just before Nixon came to power with the Paris talks. But this would have foiled his plans as he had focused on getting Americans out of Vietnam during his campaign and Nixon deliberately facilitated the war to continue.

**The Cold War Book**-Mel Madayag 2021-06-03 The Vietnam War pitted communist North Vietnam and the Viet Cong against South Vietnam and the United States. The war ended when U.S. forces withdrew in 1973 and Vietnam unified under Communist control two years later. Many remarkable events happened during wartime, and the Vietnamese people's victory remained magical and exceptional, which marked the big questions on the power of the U.S Army. This book will explore this controversial subject of American history and reveal facts that not too many are aware of. Like leaks that revealed the war would have ended just before Nixon came to power with the Paris talks. But this would have foiled his plans as he had focused on getting Americans out of Vietnam during his campaign and Nixon deliberately facilitated the war to continue.

**Captured Viet Cong Document--secret Liaison Cadre**-Mặt trận dân tộc giải phóng miền nam Việt Nam 1965

**Phoenix and the Birds of Prey**-Mark Moyar 2007-12-01 This study explodes prevailing myths about the Phoenix Program, the CIA's top-secret effort to destroy the Viet Cong by neutralizing its "civilian" leaders. Drawing on recently declassified documents and interviews with American, South Vietnamese, and North Vietnamese sources, Mark Moyar examines the attempts to eradicate the Viet Cong infrastructure and analyzes their effectiveness. He addresses misconceptions about these efforts and provides an accurate, complete picture of the allies' decapitation of the Viet Cong shadow government. Combining social and political history with a study of military operations, Moyar offers a fresh interpretation of the crucial role the shadow government played in the Viet Cong's ascent. Detailed accounts of intelligence operations provide an insider's view of their development and reveal what really happened in the safe havens of the Viet Cong. Filled with new information, Moyar's study sets the record straight about one of the last secrets of the Vietnam War and offers poignant lessons for dealing with future Third World insurgencies. This Bison Books edition includes a new preface and chapter by the author.

**Viet Cong and NVA Tunnels and Fortifications of the Vietnam War**-Gordon L. Rottman 2012-09-20 During the Vietnam War, the Viet Cong (VC) main forces and North Vietnamese Army (NVA) were forced to hide weapons and supplies underground and to dig protective shelters to counter massive US firepower. Their field works

defended villages, hidden base camps, and fortified complexes, and took the form of trench systems, individual fighting positions, crew-served weapon positions, bunkers, caches, and extensive tunnel complexes. Camouflage and deceptive measures, and the employment of obstacles and booby traps, went hand-in-hand with such works. This title takes a detailed look at the VC/NVA tunnel systems, field fortifications, base camps. and camouflage and concealment measures employed during the Vietnam conflict.

**RAND in Southeast Asia**-Mai Elliott 2010-02-08 This volume chronicles RAND's involvement in researching insurgency and counterinsurgency in Vietnam, Laos, and Thailand during the Vietnam War era and assesses the effect that this research had on U.S. officials and policies. Elliott draws on interviews with former RAND staff and the many studies that RAND produced on these topics to provide a narrative that captures the tenor of the times and conveys the attitudes and thinking of those involved.

**The Tunnels of Cu Chi**-Tom Mangold 2013-05-08 At the height of the Vietnam conflict, a complex system of secret underground tunnels sprawled from Cu Chi Province to the edge of Saigon. In these burrows, the Viet Cong cached their weapons, tended their wounded, and prepared to strike. They had only one enemy: U.S. soldiers small and wiry enough to maneuver through the guerrillas' narrow domain. The brave souls who descended into these hellholes were known as "tunnel rats." Armed with only pistols and K-bar knives, these men inched their way through the steamy darkness where any number of horrors could be awaiting them--bullets, booby traps, a tossed grenade. Using firsthand accounts from men and women on both sides who fought and killed in these underground battles, authors Tom Mangold and John Penycate provide a gripping inside look at this fearsome combat. The Tunnels of Cu Chi is a war classic of unbearable tension and unforgettable heroes. Praise for The Tunnels of Cu Chi "A claustrophobic but fascinating tale."--The Wall Street Journal "Chilling . . . what war really was and how it was fought."--The New York Times "Gripping . . . highly recommended."--The Philadelphia Inquirer "Remarkable."--The Washington Post

**Unlikely Warriors**-Lonnie M. Long Gary B. Blackburn 2013-05 Traces the activities of the Army Security Agency and its members during the Vietnam war.

**Spite House: Last Secret**-Monika Jensen-stevenson 1998-09-01 Pvt. Robert Garwood was a jeep driver for a Marine Intelligence unit when he was taken captive by the Vietcong in 1965. Col. Tom McKenny was assigned to seek out and terminate American traitors--including a missing private named Garwood. In this incredible real-life account, Jensen-Stevenson exposes one of the cruelest cover-ups of the war, and pleads an eloquent case for the innocence of Bobby Garwood, who was finally returned to his country--more than six years after the last American POW had been allegedly released--not to face a hero's welcome, but unfounded accusations of treachery, a court-martial and disgrace.W. Norton.

**The United States, Vietnam, and Our Abusers/Monsters/Traitors**-Charlie Alongi 2010-07-12 These monsters were also traitors that caused American soldiers to be tortured and killed. The answer to the Americas oil crises was a cover-up by the U.S. government in 1973 and is still a secret today. The oil is still untapped today. The U.S. government knows where the largest untapped oil field in the world is and kept it a secret till today. Once you start, you will not be able to put this book down. Learn the unspeakable truth. At times, this book will scare you, then make you laugh, then amaze you and also make you cry. Last entry is my trip back to Vietnam on December of 2009. I tell you about Vietnam today."

**Tiger Man of Vietnam**-Frank Walker 2011-05-14 In 1963, 28-year-old Australian Captain Barry Petersen was sent to Vietnam as part of the 30-man Australian Training Team, two years before the first official Australian troops arrived. Seconded to the CIA, he was sent to the remote Central Highlands to build an anti-communist guerrilla force among the indigenous Montagnard people. He was sent off with bag loads of cash and a vague instruction to 'get to know the natives'. Petersen took over the running of the paramilitary force that had been started by the local police chief and started to earn the Montagnards respect. He lived drank and ate with the Montagnards, learned their language and respected their skills. The Vietcong dubbed Petersen's force 'tiger Men'. When Petersen he heard this, he had special badges made for their berets and supplied tiger print uniforms. The Montagnards loved Petersen and flocked to join his force but the CIA were worried. They thought he was out of control and too close to the Montagnard people.

**Vietnam**-Max Hastings 2018-10-16 An absorbing and definitive modern history of the Vietnam War from the acclaimed New York Times bestselling author of The Secret War. Vietnam became the Western world's most divisive modern conflict, precipitating a battlefield humiliation for France in 1954, then a vastly greater one for the United States in 1975. Max Hastings has spent the past three years interviewing scores of participants on both sides, as well as researching a multitude of American and Vietnamese documents and memoirs, to create an epic narrative of an epic struggle. He portrays the set pieces of Dienbienphu, the 1968 Tet offensive, the air blitz of North Vietnam, and also much less familiar miniatures such as the bloodbath at Daido, where a US Marine battalion was almost wiped out, together with extraordinary recollections of Ho Chi Minh's warriors. Here are the vivid realities of strife amid jungle and paddies that killed two million people. Many writers treat the war as a US tragedy, yet Hastings sees it as overwhelmingly that of the Vietnamese people, of whom forty died for every American. US blunders and atrocities were matched by those committed by their enemies. While all the world has seen the image of a screaming, naked girl seared by napalm, it forgets countless eviscerations, beheadings, and murders carried out by the communists. The people of both former Vietnams paid a bitter price for the Northerners' victory in privation and oppression. Here is testimony from Vietcong guerrillas, Southern paratroopers, Saigon bargirls, and Hanoi students alongside that of infantrymen from South Dakota, Marines from North Carolina, and Huey pilots from Arkansas. No past volume has blended a political and military narrative of the entire conflict with heart-stopping personal experiences, in the fashion that Max Hastings' readers know so well. The author suggests that neither side deserved to win this struggle with so many lessons for the twenty-first century about the misuse of military might to confront intractable political and cultural challenges. He marshals testimony from warlords and peasants, statesmen and soldiers, to create an extraordinary record.

**Hue 1968**-Mark Bowden 2017-06-06 New York Times Bestseller A Los Angeles Times Book Prize Finalist in History Winner of the 2018 Marine Corps Heritage Foundation Greene Award for a distinguished work of nonfiction "An extraordinary feat of journalism . . . full of emotion and color."--Karl Marlantes, Wall Street Journal The first battle book from Mark Bowden since his #1 New York Times bestseller Black Hawk Down, Hue 1968 is the story of the centerpiece of the Tet Offensive and a turning point in the American War in Vietnam. In the early hours of January 31, 1968, the North Vietnamese launched over one hundred attacks across South Vietnam in what would become known as the Tet Offensive. The lynchpin of Tet was the capture of Hue, Vietnam?s intellectual and cultural capital, by 10,000 National Liberation Front troops who descended from hidden camps and surged across the city of 140,000. Within hours the entire city was in their hands save for two small military outposts. American commanders refused to believe the size and scope of the Front?s presence, ordering small companies of marines against thousands of entrenched enemy troops. After several futile and deadly days, Lieutenant Colonel Ernie Cheatham would finally come up with a strategy to retake the city, block by block and building by building, in some of the most intense urban combat since World War II. With unprecedented access to war archives in the U.S. and Vietnam and interviews with participants from both sides, Bowden narrates each stage of this crucial battle through multiple viewpoints. Played out over 24 days and ultimately costing 10,000 lives, the Battle of Hue was by far the bloodiest of the entire war. When it ended, the American debate was never again about winning, only about how to leave. Hue 1968 is a gripping and moving account of this pivotal moment.

**Secret Army, Secret War**-Sedgwick Downey Tourison 1995 Former Army intelligence officer and Defense Intelligence Agency analyst "Wick" Tourison unravels the tragically flawed and costly operation that according to many analysts helped trigger, the Vietnam War. Some b & w photos. Annotation copyright Book News, Inc. Portland, Or.

**The Cold War: The Strangelove Factor**-Time Life Video 1999 How were Viet Cong guerrilla fighters able to unexpectedly attack, then disappear into thin air? What was the true relationship between the North Vietnamese Army and the Viet Cong? From the camouflaged tracks of the Ho Chi Minh trail to the astonishing tunnel complex at Cu Chi, discover the secrets of Vietnam that were Hidden in Plain Sight.

**The Tet Effect**-Jake Blood 2005 This book examines the role of intelligence in shaping America's perception of the Vietnam War and looks closely at the intelligence leadership and decision process in Vietnam, concluding that severe breaches of intelligence occurred.

**Inside the VC and the NVA**-Michael Lee Lanning 2014-05-14 Here is real story of North Vietnam's armed forces. Lanning served as a platoon leader and company commander in Vietnam, and as public affairs officer for General Schwartzkopf. Now he and Cragg, a sergeant-major who served five years in Vietnam, tell how the communists won that conflict by using the individual soldier.

**How We Won the War**-Nguyen Giap Vo 1976 Den nord-vietnamesiske forsvarsminister og øverstbefaldende Giap samt general Dung fremsætter politiske, strategiske og taktiske tanker om sejren.

**The Sympathizer**-Viet Thanh Nguyen 2015-04-02 Winner of the 2016 Pulitzer Prize for Fiction Winner of the 2016 Edgar Award for Best First Novel Winner of the 2016 Andrew Carnegie Medal for Excellence in Fiction “[A] remarkable debut novel”—Philip Caputo, New York Times Book Review (cover review) The winner of the Pulitzer Prize for Fiction, as well as seven other awards, *The Sympathizer* is one of the most acclaimed books of the twenty-first century. With the pace and suspense of a thriller and prose that has been compared to Graham Greene and Vladimir Nabokov, *The Sympathizer* is a sweeping epic of love and betrayal. The narrator, a communist double agent, is a “man of two minds,” a half-French, half-Vietnamese army captain who comes to America after the Fall of Saigon, and while building a new life with other Vietnamese refugees in Los Angeles is secretly reporting back to his communist superiors in Vietnam. *The Sympathizer* is a blistering exploration of identity and America, a gripping spy novel, and a powerful story of love and friendship.

**The Squad**-David Sherman 2014-01-10 Tet, 1968. That was the Vietnam War's D Day, Battle of the Bulge, Iwo Jima, Crossing of the Rhine. In a series of battles in all parts of the country, condensed mostly in a three day span - although a few fights (Khe Sanh, Hue City) lasted longer - the Viet Cong were effectively destroyed as a fighting entity, and the North Vietnamese Army was severely damaged. Tet, 1968 was also when the United States lost the Vietnam War. In THE SQUAD one fourteen man US Marine Corps rifle squad led by Sergeant George Bingham is in a routine ambush outside a remote fire base in northern I Corps, close to the Demilitarized Zone between North and South Vietnam. This is the night before a scheduled cease fire for the Tet holiday; they don't expect any problems. When their fire base is unexpectedly hit by a superior force of North Vietnamese, the squad loses communication, and the Marines on the fire base are driven back. Unfortunately, the loss of communications means the squad doesn't get the word to pull out of their ambush and rejoin the rest of their company for the withdrawal. Their failure to rejoin their company leaves the other Marines thinking they were found and wiped out by the North Vietnamese. Morning finds the fourteen Marines not dead or even wounded, but alone deep behind North Vietnamese lines. Without knowing what's going on, or where friendly units are, Sergeant Bingham and his Marines must find a way to evade contact with the thousands of enemy soldiers, and reconnect with other Marines. Complicating matters, they started out with only enough supplies on the ambush to last overnight. Who are these Marines? How do they relate to each other? In order to tell their story properly, LtCol R. W. Thoreau, the fictional narrator whose After Action Reports and historical analysis are spread throughout the novel, begins the story on March 9, 1965, the day Bingham learns of the Marine landing at Da Nang, which was the beginning of the American ground war in Vietnam. Bingham drops out of college at the end of the term and enlists in the Marines. The members of this squad, as is the case in all squads, have strong friendships - as well as conflicts among the Marines.

**Beyond the Quagmire**-Geoffrey W. Jensen 2019-03-15 In *Beyond the Quagmire*, thirteen scholars from across disciplines provide a series of provocative, important, and timely essays on the politics, combatants, and memory of the Vietnam War. Americans believed that they were supposed to win in Vietnam. As veteran and Pulitzer Prize-winning author Philip Caputo observed in *A Rumor of War*, “we carried, along with our packs and rifles, the implicit convictions that the Viet Cong would be quickly beaten and that we were doing something altogether noble and good.” By 1968, though, Vietnam looked less like World War II's triumphant march and more like the brutal and costly stalemate in Korea. During that year, the United States paid dearly as nearly 17,000 perished fighting in a foreign land against an enemy that continued to frustrate them. Indeed, as Caputo noted, “We kept the packs and rifles; the convictions, we lost.” It was a time of deep introspection as questions over the legality of American involvement, political dishonesty, civil rights, counter-cultural ideas, and American overreach during the Cold War congealed in one place: Vietnam. Just as Americans fifty years ago struggled to understand the nation's connection to Vietnam, scholars today, across disciplines, are working to come to terms with the long and bloody war—its politics, combatants, and how we remember it. The essays in *Beyond the Quagmire* pose new questions, offer new answers, and establish important lines of debate regarding social, political, military, and memory studies. The book is organized in three parts. Part 1 contains four chapters by scholars who explore the politics of war in the Vietnam era. In Part 2, five contributors offer chapters on Vietnam combatants with analyses of race, gender, environment, and Chinese intervention. Part 3 provides four innovative and timely essays on Vietnam in history and memory. In sum, *Beyond the Quagmire* pushes the interpretive boundaries of America's involvement in Vietnam on the battlefield and off, and it will play a significant role in reshaping and reinvigorating Vietnam War historiography.

**Vietnam Declassified**-Thomas L. Ahern Jr. 2009-12-18 *Vietnam Declassified* is a detailed account of the CIA's effort to help South Vietnamese authorities win the loyalty of the Vietnamese peasantry and suppress the Viet Cong. Covering the CIA engagement from 1954 to mid-1972, it provides a thorough analysis of the agency and its partners. Retired CIA operative and intelligence consultant Thomas L. Ahern Jr. is the first to comprehensively document the CIA's role in the rural pacification of South Vietnam, drawing from secret archives to which he had unrestricted access. In addition to a chronology of operations, the book explores the assumptions, political values, and cultural outlooks of not only the CIA and other U.S. government agencies, but also of the peasants, Viet Cong, and Saigon government forces competing for their loyalty. The depth of Ahern's research combined with the timely relevance of his analysis to current events in the Middle East makes this title an important addition to military literature.

**Tunnel Rats**-Jimmy Thomson 2013 WARFARE & DEFENCE. AUSTRALIAN. The thrilling story of the young Australian Army engineers who risked their lives in the Vietcong tunnels of South Vietnam.

**Summary and Analysis of The Sympathizer**-Worth Books 2017-03-21 So much to read, so little time? This brief overview of *The Sympathizer* tells you what you need to know—before or after you read Viet Thanh Nguyen's book. Crafted and edited with care, Worth Books set the standard for quality and give you the tools you need to be a well-informed reader. This short summary and analysis of *The Sympathizer* includes: Historical context Chapter-by-chapter overviews Profiles of the main characters Themes and symbols Important quotes Fascinating trivia Glossary of terms Supporting material to enhance your understanding of the original work About *The Sympathizer* by Viet Thanh Nguyen: Viet Thanh Nguyen's Pulitzer Prize-winning book depicts the secret life of an unnamed Vietnamese man, grappling with various identities, whose story begins with the evacuation of Saigon, continues with his life living in America after the war, and ends with a shocking twist. Written in the form of a confession, this darkly humorous tale is a brilliant, long-overdue addition to the canon of immigrant literature. Part spy novel, part political thriller, and part satire, *The Sympathizer* offers smart, scathing, and timely commentary on the state of race, class, war, politics, and the media. The summary and analysis in this ebook are intended to complement

your reading experience and bring you closer to a great work of fiction.

**After the Apocalypse**-Andrew Bacevich 2021-06-08 A bold and urgent perspective on how American foreign policy must change in response to the shifting world order of the twenty-first century, from the New York Times bestselling author of *The Limits of Power* and *The Age of Illusions*. The purpose of U.S. foreign policy has, at least theoretically, been to keep Americans safe. Yet as we confront a radically changed world, it has become indisputably clear that the terms of that policy have failed. Washington's insistence that a market economy is compatible with the common good, its faith in the idea of the “West” and its “special relationships,” its conviction that global military primacy is the key to a stable and sustainable world order—these have brought endless wars and a succession of moral and material disasters. In a bold reconception of America's place in the world, informed by thinking from across the political spectrum, Andrew J. Bacevich—founder and president of the Quincy Institute for Responsible Statecraft, a bipartisan Washington think tank dedicated to foreign policy—lays down a new approach—one that is based on moral pragmatism, mutual coexistence, and war as a last resort. Confronting the threats of the future—accelerating climate change, a shift in the international balance of power, and the ascendance of information technology over brute weapons of war—his vision calls for nothing less than a profound overhaul of our understanding of national security. Crucial and provocative, *After the Apocalypse* sets out new principles to guide the once-but-no-longer sole superpower as it navigates a transformed world.

**Most Dangerous**-Steve Sheinkin 2015-09-22 A 2015 National Book Award Finalist, reviewed in *The Washington Post*, as well as featured on the *Publishers Weekly* "Best Books of 2015" list. From Steve Sheinkin, the award-winning author of *The Port Chicago 50* and *Newbery Honor Book Bomb* comes a tense, narrative nonfiction account of what the Times deemed "the greatest story of the century": how whistleblower Daniel Ellsberg transformed from obscure government analyst into "the most dangerous man in America," and risked everything to expose a government conspiracy. On June 13, 1971, the front page of the *New York Times* announced the existence of a 7,000-page collection of documents containing a secret history of the Vietnam War. Known as *The Pentagon Papers*, these files had been commissioned by Secretary of Defense Robert McNamara. Chronicling every action the government had taken in the Vietnam War, including an attempt by Nixon to foil peace talks, these papers revealed a pattern of deception spanning over twenty years and four presidencies, and forever changed the relationship between American citizens and the politicians claiming to represent their interests. The investigation--and attempted government coverups--that followed will sound familiar to those who followed the scandal surrounding Edward Snowden. A provocative and political book that interrogates the meanings of patriotism, freedom, and integrity, *Most Dangerous* further establishes Steve Sheinkin as a leader in children's nonfiction. This thoroughly-researched and documented book can be worked into multiple aspects of the common core curriculum.

**Invisible Armies: An Epic History of Guerrilla Warfare from Ancient Times to the Present**-Max Boot 2013-01-15 Describes the history of unconventional and nontraditional warfare from the nomads used by Alexander the Great to the shadowy modern battlefields of the post-9/11 era and featuring a diverse cast of historical tacticians and revolutionaries from Mao Zedong to Edward Lansdale.

**A Bright Shining Lie**-Neil Sheehan 2009-10-20 One of the most acclaimed books of our time—the definitive Vietnam War exposé and the winner of the Pulitzer Prize and the National Book Award. When he came to Vietnam in 1962, Lieutenant Colonel John Paul Vann was the one clear-sighted participant in an enterprise riddled with arrogance and self-deception, a charismatic soldier who put his life and career on the line in an attempt to convince his superiors that the war should be fought another way. By the time he died in 1972, Vann had embraced the follies he once decried. He died believing that the war had been won. In this magisterial book, a monument of history and biography that was awarded the National Book Award and the Pulitzer Prize for Nonfiction, a renowned journalist tells the story of John Vann—"the one irreplaceable American in Vietnam"—and of the tragedy that destroyed a country and squandered so much of America's young manhood and resources.

**Secrets and Lies in Vietnam**-Panagiotis Dimitrakis 2016-05-20 The Vietnam War lasted twenty years, and was the USA's greatest military failure. An attempt to stem the spread of Soviet and Chinese influence, the conflict in practice created a chaotic state torn apart by espionage, terrorism and guerilla warfare. American troops quickly became embroiled in jungle warfare and knowledge of the other side's troop movements, communication lines, fighting techniques and strategy became crucial. Panagiotis Dimitrakis uncovers this battle for intelligence and tells the story of the Vietnam War through the newly available British, American and French sources - including declassified material. In doing so he dissects the limitations of the CIA, the NSA, the MI6 and the French intelligence- the SDECE- in gathering actionable intelligence. Dimitrakis also shows how the Vietminh under Ho Chi Minh established their own secret services; how their high grade moles infiltrated the US and French military echelons and the government of South Vietnam, and how Hanoi's intelligence apparatus eventually suffered seriously from 'spies amongst us' paranoia. In doing so he enhances our understanding of the war that came to define its era.

**Rattler One-seven**-Chuck Gross 2004 *Rattler One-Seven* puts you in the helicopter seat, to see the war in Vietnam through the eyes of an inexperienced pilot as he transforms himself into a seasoned combat veteran. When Chuck Gross left for Vietnam in 1970, he was a nineteen-year-old army helicopter pilot fresh out of flight school. He spent his entire Vietnam tour with the 71st Assault Helicopter Company flying UH-1 Huey helicopters. Soon after the war he wrote down his adventures, while his memory was still fresh with the events. *Rattler One-Seven* (his call sign) is written as Gross experienced it, using these notes along with letters written home to accurately preserve the mindset he had while in Vietnam. secret teams into Laos. He notes that Americans were left behind alive in Laos, when official policy at home stated that U.S. forces were never there. He also participated in Lam Son 719, a misbegotten attempt by the ARVN to assault and cut the Ho Chi Minh Trail with U.S. Army helicopter support. It was the largest airmobile campaign of the war and marked the first time that the helicopter was used in mid-intensity combat, with disastrous results. Pilots in their early twenties, with young gunners and a Huey full of ARVN soldiers, took on experienced North Vietnamese antiaircraft artillery gunners, with no meaningful intelligence briefings or a rational plan on how to cut the Trail. aircraft sustained combat damage. Gross himself was shot down and left in the field during one assault. *Rattler One-Seven* will appeal to those interested in the Vietnam War and to all armed forces, especially aviators, who have served for their country.

**The Home Front in the Vietnam War**-William David Thomas 2004-12-15 Describes public opinion and life in the United States during the Vietnam War.

**Blackjack-33**-James C. Donahue 2010-05-19 “You have to react instinctively. In this game there’s no second place, only the quick and the dead.” In Vietnam, Mobile Guerrilla Force conducted unconventional operations against the Viet Cong and North Vietnamese Army. Armed with silencer-equipped MK-II British Sten guns, M-16s, M-79s, and M-60 machine guns, the men of the Mobile Guerrilla Force operated in the steamy, triple-canopy jungle owned by the NVA and VC, destroying base camps, ambushing patrols, and gathering the intelligence that General Westmoreland desperately needed. In 1967, James Donahue was a Special Forces medic and assistant platoon leader assigned to the Mobile Guerrilla Force and their fiercely anti-Communist Cambodian freedom fighters. Their mission: to locate the 271st Main Force Viet Cong Regiment so they could be engaged and destroyed by the 1st Infantry Division. Now, with the brutal, unflinching honesty only an eye witness could possess, Donahue relives the adrenaline rush of firefights, air strikes, human wave attacks, ambushes, and attacks on enemy base camps. Following the operation the surviving Special Forces members of the Mobile Guerrilla Force were decorated by Major General John Hay, Commanding General, 1st Infantry Division.
